

Roses & glowing balloons need your support

The anticipated annual fundraising event again needs sponsors to provide hot air balloons on the night of June 7th, 2023, and for ongoing maintenance of the Richmond Rose Garden. Hopefully, you will want to assist the volunteer-led garden. **Donor recognition levels to sponsor balloons are \$300, \$500, or \$1,000 or more.**

We are grateful for the sponsors who donated in 2022, and hope that you will consider donating in 2023. All sponsors will have a sign with their name displayed in front of the Rose Garden along U.S. 40 before and after the event. Plus, you will be listed on our website and the information board outside the garden. Our \$500 and \$1,000 sponsors receive a more prominent listing on our website and social media, along with event tickets.

Committee members feel that hot air balloons enhance the event by bringing more people to the garden. Sponsorships also offset costs to buy rose bushes, compost and other things needed for the garden. Thank you for your support.

Your sponsorship or donation will help the Rose Garden be beautiful.
